Objective

GRUBBRR

Increase Revenue Through Self-Ordering Technology

In an effort to modernize and keep up with consumer demands, BurgerFi searched for digital solutions to power their business and landed on GRUBBRR, an industry leading provider of self-ordering technologies.

Solution

GRUBBRR Kiosks Increase Average Ticket Size & Reduce Labor Dependency

Customers now have an option to place their order seamlessly without interacting with cashiers using GRUBBRR technology, and this has freed up cashiers who can be reallocated to food production or to enhance the customer service experience.
