

Raising your retail business to new heights

Epos Now has spent over a decade working with retail merchants to develop solutions that support seamless transactions for over 63,000 businesses. We've learned from our humble beginnings when our CEO started as a local business owner, and we now empower businesses, from nail salons and multi-store gift shops, to grocers, smoke shops and novelty stores. Epos Now's leading point of sale helps small and mid-size retailers increase growth goals in the US and across the globe.
